We prefer to receive orders using mat measurement when original mat is suitable for measuring. See if your mat qualifies here: Please Note:

1. Collecting frame measurements requires two people.
2. Hold the measuring tape tight. Do not let the tape sag.
3. Do not lean against the frame while measuring.
4. When measuring frame, measure to and from where the spring hooks the frame. Usually springs hook into spring holes drilled in have pieces of zig-zag wire welded to the inside edge of the frame. Regardless, measure to and from where the spring hooks the
