We prefer to receive mat orders by mat measurement whenever the old mat meets these guidelines.

Please Note :

1. If your old trampoline mat has a hole, do not measure across or near hole. If hole risks measurement or if replacing most or all the springs, order using frame measurements here:
<https://www.trampolineproshop.com/rectangle-mat-order.php>
2. Mat can be measured while installed or while laying on a flat surface of the trampoline, pull the mat flat while measuring.
